ST. STANISLAUS HAS RECORD 1957-58 ENROLLMENT

Brother Linus, Vice-President of St. Stanislaus College, stated they opened the 1957-1958 session with a full enrollment, with 230 day pupils and 270 boarding students.

Bay High has not given any figures to date because they have not completed enrollment and assignment of the many students to classes; this enrollment is the largest yet.

St. Joseph Academy has an enrollment of 520 students.

St. Rose de Lima school has enrolled 210 and Valena C. Jones, with 80 students more than last year, enrolled 409.

BLOOD BANK DRAWING SCHEDULED FOR SEPT. 11 AT YOUTH CENTER

James L. Normand, chairman of the Hancock County Blood Bank, is urging all donors to give a pint of blood at the next drawing on Wednesday, Sept. 11.

A donor gains the everlasting satisfaction of knowing that his priceless, painless gift has helped someone to live, Mr. Normand added. Blood saves lives, but it cannot be mined or manufactured, but must come from the veins of healthy men and women who feel concern for the suffering of others and know that blood—and blood alone—can make them whole and well again, he continued.

The bank will be opened from 2 p. m. to 8 p. m. at the Bay St. Louis Youth Center.

The Hancock County Board of Supervisors, at a meeting Tuesday, decided to postpone adopting the motion made by the King's Daughters and Sons Hospital Board to sell to Hancock County the hospital, the lot and all equipment for same for the sum of \$100. However, in this proposal, it was stated the County, if and when a new County Hospital is constructed, is to return this property, which would be kept up by the taxpayers' money, to the Hospital Board.

The Supervisors are requesting the Hospital Board to meet with them on Friday, Sept. 6, at 9 a. m. to discuss the proposed transfer of hospital facilities to the County.

At this meeting, the Board of Supervisors revoked an order which set an election for Sept. 14 on the proposed issuance of \$175,000 in general bonds for the purpose of erecting and equipping a new public hospital.

Following a revision of the resolution and proposal, a new order was adopted for setting a special election for Sept. 23. This will also allow a final decision on the transfer proposal of the Hospital Board. However, according to Sam L. Favre, Attorney for the Board, the outcome of the proposed transfer of the King's Daughters Hospital will not effect the planned construction of a new County hospital.

The County will pay part of the cost of the hospital, and the remainder will be made up of federal grants; these grants would amount to approximately two-thirds of the cost of \$300,000 the county would furnish \$175,000 in matching funds or about one-third of the total.

FORUM TO DISCUSS HOSPITAL BOND ISSUE WEDNESDAY, SEPT. 11

A forum, to discuss the proposed bond issue for the Hillburton Hospital, which is being sought for Hancock County, will be held at 8 p. m. Wednesday, Sept. 11, at Bay High Auditorium, Mrs. Paul Miller, secretary of the League of Women Voters, announced this week.

Harold P. Fowles, chairman of the Board of Trustees of Stone County Hospital, Wiggins, will present the favorable points of the Hillburton-Plan Hospital. Another speaker, whose name is not known at this time, will present his views against this type institution.

Questions concerning the proposed hospital plan can be presented at this meeting to which the public is invited to attend. Negro votes are also invited to attend.

At a meeting of the Hancock County Board of Supervisors this week, the date for the election for the bond issue for the Hospital was re-scheduled for Sept. 28 as the resolution and proposal were reworded and have to be re-advertised.

The land, which is located on Dunbar Avenue, was purchased from Warren Carver and James Collier, it is comprised of approximately 40 acres. Clearing will start right away and a football field will be constructed.

According to Mayor Seafide, an elementary school, which is a project for the near future, will be so built on this acreage.

VOTE SATURDAY ON SALARY INCREASE FOR CITY OFFICIALS

The people of Bay St. Louis have been asked to go to the polls Saturday to vote for an increase in salary for the three elected City Officials.

This special election is not political but an issue to provide adequate compensation for any persons elected to these positions by the people.

All qualified electors should do their civic duty by casting ballots Saturday during this Special Election—and by voting with the thought in mind that value received must be adequately paid for.

Good officials need sufficient living income so that they may have the freedom of mind to properly carry on the work of the office to which they have been elected without the added worry of insufficient income detracting from the mental strain of management of city government and business.

Better men will seek public office in the interest of better communities if proper remuneration is allowed by the electors for such office.

MISS POWER CO. ISSUES STATEMENT ON RATE REDUCTION

L. P. Swett, President of the Mississippi Power Company today made the following statement in connection with an announced rate reduction by Mississippi Power and Light Company for residential and commercial customer:

"We effected several rate reductions voluntarily prior to the adoption of the 1956 state regulatory act. Under the new residential and commercial rates announced by the Mississippi Power and Light Company, yesterday the customers cost of electric service will be more nearly approximate the cost for the same class of service under the present rates of Mississippi Power Company."

Under present inflationary conditions with the constantly rising costs of doing business, we are not contemplating any further rate reductions in the foreseeable future."

Assistant Named At Our Lady of the Gulf Catholic Church Here

Rev. Father Adrian Mercier of Hattiesburg, has been named as assistant pastor at Our Lady of the Gulf Catholic Church.

Father Mercier, who was ordained to the Priesthood in Rome in December 1956, celebrated his first Mass in Hattiesburg on July 21, 1957.

STANISLAUS OPENS TOUGH GRID SLATE HERE FRIDAY NIGHT

The Rockchaws open their 1957 season Friday night against the New Orleans Catholic and city champion Redemptorist eleven. Then one week later they take on the state triple A champion Istrouma Indians.

Stanislaus started preseason preps August 18, but they have been severely hindered during the first weeks by the flu epidemic. All boys are up again and practice has been resumed.

Of the 38 boys who reported to head coach Reuben Ruiz and assistant Happy Mahfouz and Bill McDonald only five are lettermen from the '56 squad.

The lettermen back are Bill Semons, 190-pound center; Quinton Cuevas, 175-pound guard; Don Mallini, 165-pound back; Joe Loiacano, 170-pound back; Mitchell Decuir, 195-pound fullback and Jimmy Brooks, 170 pound back.

The Rocks expect to have a good team. Redemptorist had better not move into the Gulf coast town Friday night expecting a setup for their first game.

After the Redemptorist and Istrouma games, the Red and Black lads play Catholic High of Baton Rouge Sept. 20. They then meet Redemptorist of Baton Rouge and journey to Moss Point to play the Tigers Oct. 4.

Notre Dame of Biloxi will be their Oct. 13 opponent at home. On Oct. 18 Piquette hosts the Rocks; Nov. 1 McGill of Mobile moves into town, and on Nov. 8 the Big Eight Biloxi team will be the opponent.

Pensacola High is the Rocks' final opponent Nov. 15.

JA Mothers Club
Sept. 10

Next meeting of the St. Joseph Academy Mothers' Club will be held on Tuesday, Sept. 10, at 3:15 p. m. in the school library.

Projects to work on for the coming year will be one of the topics under discussion; last year's major project was better facilities for the children. The club was quite successful in their ventures last year.

Mother Eveline, Superior, was presented a check for \$2500 at the close of the term to make these changes before the 1957-58 session. A number of improvements have been made during the summer.

Arraignment proceedings in Los Angeles, Calif. for Dale Morris, sought by Mississippi in a 1955 murder, will resume Oct. 3, after his court-appointed counsel confers with him over whether to waive extradition.

Morris, who escaped jail at Gulfport, June 6 while awaiting his fourth trial, is charged in the slaying of Charles Flink, Sr., 39-year-old Bay St. Louis, Miss., novelty store owner.

Should final action in Morris' extradition be delayed until Oct. 3, it means his scheduled fourth murder trial in Hancock County at the September term of Circuit Court will be continued.

Circuit Court Judge Leslie B. Grant convenes the three-week term here on Sept. 9. The Morris case will be called in the usual process of sounding the docket at the opening day of the term.

TWO INDICTMENTS

Morris is also under indictment in Jackson and Harrison Counties. He was indicted for the possession of narcotics in Jackson County. The next term of the Paagoula court convenes the second Monday in Nov.

Harrison County's next criminal Court term opens the first Monday in December when an indictment against Morris charging jail break will be called.

In the event the Morris murder case is passed, the next Hancock County court term is scheduled to open the second Monday in March 1958.

CONTINUE CASE

Municipal Judge Louis Kaufman continued the arraignment in Los Angeles on request of Kathryn McDonald, deputy city public defender appointed to represent Morris, who was ordered held without bail.

Morris is charged there with being a fugitive and Miss. is seeking his return for another murder trial. The first three ended in mistrials.

QUESTION MRS. GOUDELOCK

Meanwhile, two Miss. officials left for Boise, Idaho, to question Mrs. Peggy Goudelock about the Morris jailbreak. District Attorney Boyce Holleman and Sheriff J. J. Wittmann of Gulfport said she may know "the story behind the Morris escape."

Mrs. Goudelock befriended the former Montana cowboy while he was in jail and she took his young son to California shortly before his jailbreak.

She was arrested Aug. 19 at Idaho Falls, Idaho, and is charged with harboring Morris after the escape.

Coast Electric Receives Safety Award

The Coast Electric Power Association of Bay St. Louis was the nation's first to receive a silver medal by E. M. Fletcher, Safety Engineer, Mutual Insurance Company of Wausau, Wisconsin on September 2, 1957 for working Electric employees and their families without a single lost time accident.

This enviable record is not matched by any other Mississippi Electric Power Association, and wherever there is a good safety program, you will find highly competent employees. One follows the other, and you should be proud to know that you are a part of one of the most competent working organizations that can be found anywhere in the nation."

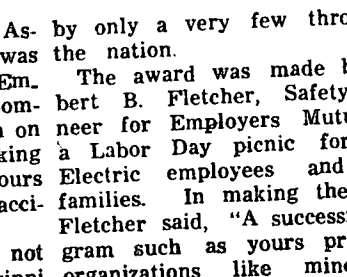

H. H. Shattuck, Manager of Coast Electric, praised the employees by saying, "You accomplished this, not through any individual effort, but as a team that recognized its responsibilities and objectives." Shattuck then challenged the employees to continue their efforts so that their safety record will remain at its present high level. "We want to receive more awards," he said. "And with your continued team work we will get them."

The 250,000 consecutive man hours without a lost time accident were accumulated over a period of almost three years—Nov. 16, 1954 through July 3, 1957. On August 12th, 1957 a record of 1000 consecutive accident free days was achieved.

Letters of congratulation from REA Administrator Strong; E. H. Mitchell, Head of the Industrial Education Dept. of Mississippi State College; REA Safety Engineer A. B. Shehee; and others were acknowledged.

Following the presentation short talks were made by E. H. Shattuck, Job Training and Safety Engineer, State College; James W. Black, REA Representative; and Blaine H. Eaton, Executive Manager, Miss. Rural Electric Association.

Coast Electric employees, their families and guests, some 140 in all, attended the Annual Family Picnic and Safety Day on a fall day of fun and games.

COAST COMMUTERS VS. THE L. & N. R. CO.
A meeting of the Gulf Coast Commuters Association was held on Tuesday night at the City Hall at which an attempt was made to prepare a statement of facts as demanded by the L. & N. Railroad Company, to be presented to them before September 15th. Although after much discussion, pro and con, concerning the situation as it exists, no conclusive settlement had been reached, it was pointed out by those in attendance that the real reason for this lies in the fact that the L. & N. has not been at all cooperative and has not kept faith with the Commuters in any attempt at a reasonable settlement of the problem at hand.

They have constantly kept the commuters in a state of turmoil by their frequent threats to discontinue commuter service or to raise rates to such an extent that they would no longer come under the heading of commuter rates. These actions on the part of the Railroad have caused many to seriously consider packing up their families and belongings and move back to the city.

It was also pointed out by those present that there seems to be a complete lack of interest and cooperation on the part of a great majority of the Bay St. Louis merchants, towards aiding the commuters in their fight to gain a fair and square settlement with the L. & N. Railroad and to retain commuter service for the Coast. It seems that they, for some unaccountable reason, do not seem to realize the vast amount of business done by the families of these commuters with the merchants of our community.

It was also pointed out that many of these same commuters have become permanent residents of our community, taking part in the various civic and social activities, sending their children to schools here, and in general, have become a vital segment of our community life.

What becomes of these people, if a reasonable settlement cannot be reached between the commuters and the L. & N. Railroad? The answer is obvious. They will be forced to leave and the void they leave will be hard to fill.

Therefore it is plain to see that if the merchants and, of course, the Chamber of Commerce and other civic organizations, would join hands with the commuters in attempting to get a fair settlement with the L. & N. Railroad, all would share in the results of their efforts.

These results would be not only keeping those we now have, but would also encourage others to come here, buy homes, bring their families and become, in time, permanent residents of our community. We think it is worth a try, why not offer your services now while there is still time.

Purchase Of Cottonseed Oil Mills Completed At Jackson Last Week

The purchase of 12 cottonseed oil mills and related property by Miss. Oil Mills, Inc., was completed in Jackson last week at a joint meeting of the boards of directors of the purchasers and Miss. Cottonseed Products Company, the seller.

Final details of the purchase were completed and deeds to the 12 mills were executed, according to W. K. McWilliams of Daleville, executive vice-president of the new corporation.

Location of the 12 cottonseed oil mills are Grenada, Kosciusko, Natchez, Magnolia, Hazlehurst, Jackson, Yazoo City, Belzoni, Hattiesburg, Greenville, Indianola, and Osyka. The combined crushing capacity of the mills is over 500,000 tons annually.

McWilliams said the 12 mills will continue under the management of Miss. Cottonseed Products Company under a management contract. This is the outset of the crushing season and the mills will pay market price based on grade for cottonseed and soybeans delivered, McWilliams said, with net profits to be refunded to the stockholder-patrons at the end of the year. Stockholders of the enterprise are ginners and cotton and soybean producers of Mississippi.

There was never a dull moment in the vacations of the W. DeGruet and J. Jackson families who have been vacationing at the Carbal cottage on Waveland Beach. Others having a big time while staying in the Carbal cottage were Frankie and Elizabeth "Beth" Hodges. They had a never to be forgotten thrill on Tuesday when they caught 108 crabs, and then repeated the catch on Thursday by netting 60 more. Their two week's vacation and beautiful sunbaths will provide considerable material for conversation during the long, cold winter months. Dreams of their vacation next year at the Carbal cottage have already been started.

This reporter has received word from Mrs. Ann Carbal to run this little note in this week's column, hoping that it will result in finding a home for man's best friend. Mrs. Carbal's plea is as follows: "Someone about a month ago dropped off a beautiful black and white dog. We have been taking care of her, but as the vacation days are just about over and everyone is leaving, we are worried about how she will get food. She is a young dog, sweet and well behaved. I would like to find a good home for her. If you know of anyone wanting a sweet dog, please send this to see us."

Maybe this is just the dog you have been looking for. Why not pay the Carbals a visit and get a canine introduction?

The couple's only attendants were Mr. and Mrs. Oswald Luch of Biloxi. The bride was attended by a brown street length dress with white accessories and wore a corsage of pink carnations. Following the ceremony Mr. and Mrs. Switzer left on a wedding trip to Mobile. They will make their home now, Camp Gordon, Ga., where Mr. Switzer is stationed with the U. S. Army.

Favre-Dahl Wedding Sunday

MR. AND MRS. CURTIS B. FAVRE

Claiming interest on the Coast A. served as best man to his brother. Immediately following the church service a reception limited to the immediate families was held at the home of the bridegroom's brother and sister-in-law, Mr. and Mrs. Frederick Dahl. The bride, daughter of Mr. and Mrs. A. G. Favre, Sr., and the late Mrs. A. G. Favre, Sr., was escorted by her brother, Mr. Curtis B. Favre, Jr., son of Mr. A. G. Favre, Sr., and the late Mrs. A. G. Favre, Sr. The double ring ceremony was officiated over by Rev. John Robinson, while wedding music was played on the organ by Prof. Joseph Hemmersbach. The bride was given in marriage by her brother Mr. Oswald Stephen Dahl, Biloxi. Gowned in an ice pink chiffon frock fashioned with fitted bodice, buttoned down the front with tiny self covered buttons and featuring a flaring waist length skirt she was a dainty picture of pastel charm. A velvet bandeau with short nose tip veil in the same ice pink coloring was used by the bride as a headress, and she completed her costume with short white nylon gloves and a shoulder corsage of pastel pink sweetheart roses. Miss Alice Dahl was her sister's only attendant and wore a pale blue frock similar in styling to that worn by the bride, complemented with a corsage of white carnations. A. G. Favre, Jr., Sgt. 1st, U. S.

After delaying its passage in the House from January to mid-June we had high hopes that it might be killed this session. But a combination of both the Democratic Speaker and the Democratic Senate Leader plus the Republican Minority Leader in both the House and the Senate was too formidable an obstacle to overcome. This powerful force against the bill has passed and now become the law of the land. I must confess a keen sense of disappointment. The most galling part of it all is the knowledge that it was conceived and enacted in a spirit of political hypocrisy. I repeat my oft-stated conviction that if we could have had a conscientious secret ballot, it would not have received more than 10 percent of the votes in either the House or the Senate. CONGRESSIONAL SIDELIGHTS

COMMUNISM WAS AN OBSTACLE

CIVIL RIGHTS AND INFLATION

THE first session of the 85th Congress has adjourned. It was the longest peace-time session in history. It will go down in history as an eventful one. It has also been for me the hardest one in my 25 years' service here. I approached this session with two objectives in mind: 1. To cut down Government expenditures and apply the brakes to inflation, and 2. Prevent the passage of the so-called civil rights bill.

Along with members of like mind, we were able to cut the President's budget in excess of \$5 billion dollars. If the defeat of a number of other proposals, such as the President's School Construction Bill, were taken into consideration, the saving would be in the neighborhood of 7 1/2 billion dollars.

If we can get any comfort out of our humble consideration toward saving the taxpayers this huge sum, we must confess that our efforts in the field of civil rights were not so fruitful. After these years of constant fight against this iniquitous "civil wrongs" bill, it is hard now to realize that the bill has passed and now become the law of the land.

I must confess a keen sense of disappointment. The most galling part of it all is the knowledge that it was conceived and enacted in a spirit of political hypocrisy. I repeat my oft-stated conviction that if we could have had a conscientious secret ballot, it would not have received more than 10 percent of the votes in either the House or the Senate.

I must confess a keen sense of disappointment. The most galling part of it all is the knowledge that it was conceived and enacted in a spirit of political hypocrisy. I repeat my oft-stated conviction that if we could have had a conscientious secret ballot, it would not have received more than 10 percent of the votes in either the House or the Senate.

After delaying its passage in the House from January to mid-June we had high hopes that it might be killed this session. But a combination of both the Democratic Speaker and the Democratic Senate Leader plus the Republican Minority Leader in both the House and the Senate was too formidable an obstacle to overcome. This powerful force against the bill has passed and now become the law of the land.

appears has but one alternative. It must be the NAACP, the CIO and the ADA become any organized militant minority group. If the once powerful voice is to again be heard in the political and legislative arenas.

"Finally, Mr. Speaker, while this dangerous thing, like a loaded pistol, is aimed at my section, which has contributed so much to the foundation and perpetuation of the Republic, it is not the South the Democratic Party, or the Republican Party which will suffer the most. The real victim in the tragedy being conducted here today will be the Republic itself. For once the trigger is pulled, the freedom and the rights of the citizens of all sections will be further stretched out in every metropolitan center as well as every hamlet of this great country, north, east, south, and west for the further regimentation of our citizens. The existing elections machinery of the several States will be conducted under the scrutiny and intimidation of armed marshals of the Central Government here in Washington. This could well be the final step necessary to achieve the goal of the sovereignty of the States and the centralization of all power of the people in one strong centralized government under the dome of this Capitol in Washington.

"But, alas, Mr. Speaker, the unconscionable god of politics must be served."

In line with our usual custom, we are discontinuing this column during the Congressional recess.

The actors in this political tragedy are of the summit statue in both political camps. It is obvious that the Republican high command has deliberately set out to recapture the minority Negro vote stolen from them by the Democratic high command some two decades ago. That they may succeed as a result of the enactment of this bill is highly possible. I call to the attention of my Democratic brethren the probability that this minority group, whose suffrage is attempted to be ensnared by this proposal, will be impressed not by the fact that this is a Democratic controlled Congress, but rather by the fact that this is a Republican administration and that these alleged benefits came from the Great White Father in the White House.

"Thus the Democratic high command may win the skirmish, but lose the battle."

"On the other hand, the Republicans who have long expressed a desire for a two-party system in the South, and indeed where in recent years they have made remarkable progress toward their goal, may now well forget any hope of wooing the South into their fold or of obtaining a realignment of the parties."

appear has but one alternative. It must be the NAACP, the CIO and the ADA become any organized militant minority group. If the once powerful voice is to again be heard in the political and legislative arenas.

Vote FOR The Salary Increase

FOR YOUR MAYOR AND CITY COMMISSIONERS ON

Saturday, September 7th

This increase is reasonable and justifiable for the following reasons:

1. The Mayor and Commissioners of your city have not had an increase in salary since 1954 (twelve years). The cost of living during this same period has better than doubled.
2. The proposed increase in salary, if adopted, would encourage better qualified and well trained people to aspire to and seek the responsible and important offices.
3. The increase WILL NOT require any additional tax levy. As of July 1st past, the city completed purchase rental payments on machinery and equipment which amounted to \$6,200 this year. This amount will be much more than the \$3,600 per year, needed to provide the salary increase.

Quick Caramel Rolls

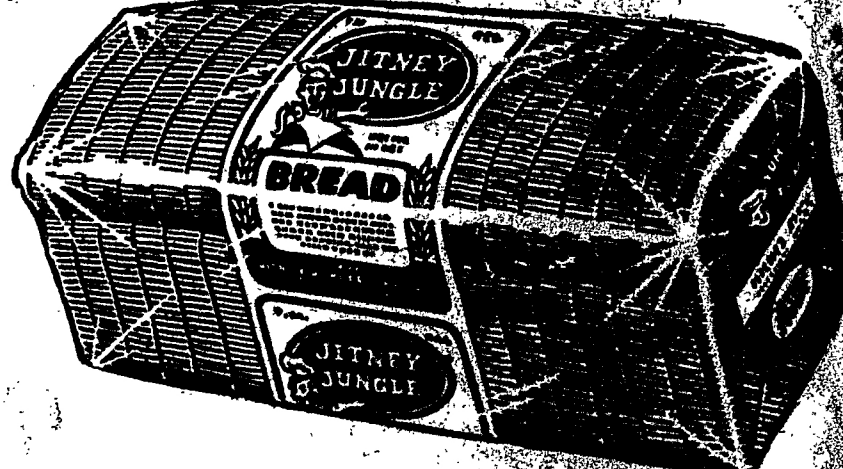

(Makes 1 dozen)

1/4 cup melted butter
1/4 cup firmly-packed brown sugar
1 teaspoon water
1/4 cup chopped pecans
2 cups sifted flour
3 teaspoons baking powder
1 teaspoon salt

1/2 cup soft shortening
1/2 cup granulated white sugar
2 eggs
1/4 cup water
2 tablespoons soft butter
2 tablespoons granulated sugar
1 teaspoon cinnamon

Mix melted butter, brown sugar, water and pecans. Spread in bottom of 3-inch square pan. Sift flour, baking powder and salt into mixing bowl. Cut in shortening with fork until mixture looks like coarse crumbs. Add cinnamon and water. Stir until dough leaves sides of the bowl. Knead gently 10 times on floured board. Roll into 12 x 8-inch oblong. Spread with soft butter. Sprinkle with sugar and cinnamon. Beginning at the wide edge, roll as for jelly roll. Seal the edge by pinching dough into roll. Cut roll into 12 slices. Place cut side down in pan. Bake in hot oven (450° F.) 18 to 20 minutes, or until golden brown. Remove from oven. Turn upside down on serving plate immediately. Remove pan. Serve warm.

HONORABLE JUDGE

Circuit Judge

The Grand Jury, having

empaneled, sworn, and

for the September Term

of this Honorable Court

in session for three

days, during which time we have

heard seven (7) cases, have

returned three (3) verdicts,

and returned six (6) true

verdicts.

In addition to our investigation

of the matter, we have con-

sidered the evidence, and in

the course of our in-

vestigation and deliberation we

have heard the testimony of

several physicians, and

the Officers and Board

of the King's Daughters

Hospital Board. As the

jury of this County and

for the people of Han-

cock County, we wish to express

our appreciation to all of those

citizens who have ap-

peared before us solely because

of their great interest in the

hospitalization facilities for

the people. The interest which

has been evidenced by these cit-

izens has contributed greatly to

the solution of the problem

which we believe is a fair and

reasonable one. We likewise commend

the efforts of the Kings Daughters

Hospital Board for their

cooperation before the Grand Jury

and the offer which they

have made as set forth in our

recommendation. We

trust that in a controversy such

as this, the best solution

is to be the best interest

of the people of Hancock County
